RESOURCES FOR PARENTS: 
WI DEPARTMENT OF PUBLIC INSTRUCTION (DPI); FACETS

• WI FACETS Family Engagement Newsletter
  • The December WI FACETS Family Engagement Newsletter can be found here. The newsletter's focus is to have a resource for families, schools, and agencies to provide timely and relevant information on other special education-related topics, at-home learning strategies, online resources, recent research, and statewide events.

• FACETS also provides advocacy for parents, as well as a support group.
RESOURCES FOR PARENTS: THE IRIS CENTER

• The IRIS Center at Peabody/Vanderbilt offers the best of research and application from both academic and government sources. This interactive learning module is specifically directed at parents.

RESOURCES FOR SPECIAL EDUCATION TEACHERS: WI DPI (USEFUL TO PARENTS) ON LEGAL REQUIREMENTS DURING COVID

• A Guide to Implementing Individualized Education Programs (IEPs) and Monitoring Progress of IEP Goals When Moving Between In-Person, Hybrid, or Virtual Learning Environments

• The Department of Public Instruction special education team has published a guide to assist IEP teams with a process for reviewing IEPs when a student receiving special education services through an IEP moves from in-person to a virtual or hybrid learning environment. The guide emphasizes a thorough review of a student’s disability-related needs, IEP goals, IEP services, and measures used to monitor the progress of IEP goals to ensure the student continues to receive a Free and Appropriate Public Education (FAPE). The guide also provides extensive appendix and resources related to virtual monitoring of progress on IEP goals. The guide is available on the Special Education COVID-19 web page or directly using this link. A recorded training on this guide will be available in the coming weeks, along with a training slide deck.

RECOMMENDATIONS

Join a club!

Help your child transition appropriate online friendships to real life friendships

Many resources (clubs, groups, programs, research opportunities, therapies) are available online now!

Taking care of you and your child’s mental health is PRIORITY #1

Remember: “Screen time” is not such a bad thing right now!

One-on-one time outside of a group is KEY!
THANK YOU!
