

COVID-19 Research Initiative

Presented by:

Dr. Ed Blumenthal, Associate Dean for Research, Klingler College of Arts and Sciences

Dr. Sandra Hunter, Director of the AHPRC and Professor, Exercise Science

Dr. Lezlie Knox, Department Chair, History and Associate Professor

Dr. Sameena Mulla, Associate Professor, Social and Cultural Sciences

An important message to the Marquette community.

The Covid-19 Research Initiative demonstrates the importance of thinking together, across disciplines, to respond to urgent issues in real time. It teaches and empowers students to make sense of what may seem unfamiliar, disorienting, and new. We take *being the difference* from an abstract ideal to a hands-on reality.
